

technology brings a wonderful life

AEF
'A' Electric Float

90 min

Max duration

6 km/h

Driving Speed
(75KG of Load)

13 kg

Approx Weight

5 Gears

Electric Differential
Control

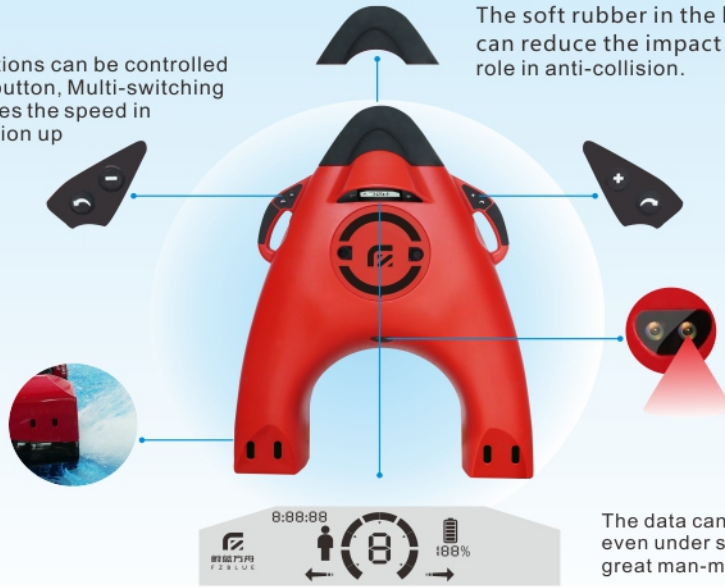

Bringing You Joy and Passion with Unforgettable Experience

FEATURES

The left and right directions can be controlled freely by touching the button, Multi-switching increases and decreases the speed in water to meet the duration up to 90 minutes max.

The soft rubber in the head is wear-resistant, which can reduce the impact and play a good role in anti-collision.

Electric motor integrates anti-winding, sand prevention, water proof and heat dissipation into one.

Designed with Human Body Induction, AEF can sense if the body is away for 30cm to decide whether to shut down urgently

The data can be displayed by screen clearly even under strong light, bringing users a great man-machine interaction experience.

PARAMETER

Product Size	980mm *780mm*264mm	Charging Temperature	0-45 ° C
Package Size	1089mm*868mm*346mm	Number of Speed Gear	5
Product Weight	13kg	Working Temperature	0°C~55°C
Max Duration	90min	Storage Temperature	-20 ° C ~ 60 ° C
Human Body Detection Distance	≤40cm	Waterproof Degree	IP68
Number of Propeller	2	Output Voltage	25.2V
Battery Capacity	19.8Ah/22.2V	Rated Power	900W*2
Charging Time	4.5h	Max Speed	1.6m/s;(75kgof Load)
